## Sales Tax Scores (Sales Tax Increases Enacted During 2009)

Action	Score	Notes
Voted to Cut	1	Includes ballot referenda
No Vote	0	Includes ballot referenda
Voted to Raise	-1	Includes ballot referenda

**Boondoggles** AFPF does not have a means of objectively scoring the impact of local-government boondoggles, including corporate welfare handouts and tax abatements awarded to politically-connected developers, except insofar as those boondoggles increase total current budgets.

**Absent for Key Votes** If an official is absent for all key votes, such is noted in the "Category" column. Officials who are present for at least one key vote receive a score of zero for missed votes, and receive a total score.

**Failure to Post Documents** Schedules A & B of the state-required budget reports should be posted on a jurisdiction's website, as well as the minutes for the board/council meetings at which the final budget and final property tax levies are approved by roll call vote. For most districts, all of the relevant documents should be posted by September.
