Our Mission...

Americans for Prosperity (AFP) and Americans for Prosperity Foundation (AFP Foundation) are committed to educating citizens about economic policy and mobilizing those citizens as advocates in the public policy process.

AFP is an organization of grassroots leaders who engage citizens in the name of limited government and free markets on the local, state and federal levels. The grassroots members of AFP advocate for public policies that champion the principles of entrepreneurship and fiscal and regulatory restraint.

We Support...

Putting taxpayers in control of how much government they want and are willing to pay for

Cutting taxes and government spending

Economic Freedom

Removing unnecessary barriers to entrepreneurship and opportunity

Education Reform

Knowledge & Commitment

Americans for Prosperity – Texas’ over 110,000 members are committed to strengthening our constitutional government spending limits and giving taxpayers greater control over the scope of government.

Tax dollars are *taxpayer* dollars, and elected officials need to be reminded that “it’s *our* money”. Taxpayers should have the right to choose how much government they want and are willing to pay for.

AFP supports programs that promote self-reliance and minimize the role of government in our lives and our livelihoods.
